

Rec'd 10/17/08

Dear Kenneth J. Endress and the Society of American Military Engineers,

As I start my third week in college, I'd like to say thank you so much for the scholarship. I'm very grateful that I was picked for the Lake Michigan Post 2008 College Scholarship Award. As I start out on my journey to become an Architectural Engineer and Construction Manager I realize how every bit counts. So far Milwaukee School of Engineering is amazing and I know that it will take me far. Thanks for helping me out with the scholarship money.

Sincerely,

Tanya K. Otto
