

DEDICATED TO THE NATION'S DEFENSE SINCE 1920

Lake Michigan Post

Of The Society of American Military Engineers

Our Next Post Meeting is . . .

11:30 AM Thursday April 8th, 2010

At the

Highland Park Country Club

1201 Park Ave West, Highland Park, IL 60035

Luncheon Cost: \$20.00 (Members); \$25.00 (Non Members); \$15.00 (Public Sector and Retirees)

Come join us at the Highland Park Country Club (HPCC), a first-class conference facility where an outstanding all-you-can-eat buffet lunch is served with choices of salads, entrées, and desserts. This combination of quality and variety makes this luncheon an enjoyable eating experience and an excellent value.

Following lunch we will have a presentation on 3D Laser Scanning.

3D laser scanning systems allow the user to survey and document any surface in three dimensions. The data is then transferred to a computer where it is converted into accurate three dimensional AutoCAD or MicroStation models. The high quantity and precision of the measured points enable the user to generate realistic, 3D illustrations of complex structures. Historical uses for this technology have been in the documentation of Historical Buildings, process facilities and equipment.

Our speaker will be Mr. David W. Mason, RA , founder and CEO of David Mason & Associates (DMA) a full-service MBE-DBE-SDB firm that provides a broad spectrum of engineering and architectural services.

Meet and network with your fellow SAME Members during and after our Post meeting. Earn 1 Professional Development Hour (PDH) by attending.

RSVP by emailing: Ensign Christopher Thomas, SAME LMP Secretary, christopher.a.thoma4@navy.mil, telephone (847) 688-5395 x238, Subject: Luncheon Presentation, or e-mail program co-chairs Robert Leick at robert.leick@graef-usa.com or Tom Kracun at tkracun@davidmason.com
