Their combination of quality and variety makes this luncheon an enjoyable eating experience and an excellent value. Following lunch we will have a presentation on **Water and Wastewater Infrastructure Rehabilitation in Puerto Rico**. A program designed to alleviate the crisis situation to the island's water supply and wastewater systems resulting from a deteriorating infrastructure, unable to keep up with the growing demand of Puerto Rico's 4 million residents. Our speaker will be **Mr. Fred Fletcher, P.E., CSA Group, San Juan, PR**. Mr. Fletcher is the Program Manager for the development of water and wastewater infrastructure for the Eastern portion of the Island of Puerto Rico.
