THE construction related services event of the year for companies, *both* small and large, interested in growing their business directly with the government or through government prime contractors.

Do not miss this opportunity to learn about upcoming procurements and how to get your business ready to compete. Topics will target assisting small and large businesses at all experience levels.

Join us for this informative and productive program

- Briefings on construction and related business opportunities
- Technical and educational workshops
- Individual meetings with Federal government and prime contractor representatives
- Networking between the Federal and business communities

Keynote luncheon address by
The National SAME Society President

Rear Admiral Wayne "Greg" Shear, Jr., CEC, USN.
Commander, Naval Facilities Engineering Command, Chief of Civil Engineers

Early Registration (Ends February 23rd)
