Military base master planning. Including examples from NAS Pensacola, Langley AFB, and the Iraq reconstruction program.

By: Mr. David Van Horn

2005 SAME Lake Michigan Post Officers:

President:	Steve Blinderman
Vice-President:	Ken Endress
Treasurer:	LT Jeff Dupart
Secretary:	LTJG Stephen Johndreau
Asst. Secretary:	Kelly Duddy

Please join us on Thursday April 21st to hear Mr. David Van Horn to speak on the value of Master Planning for installations and recent trends and transformations in the planning process. Mr. Van Horn will use examples drawn from his recent experiences at NAS Pensacola, Langley AFB, and the Iraq reconstruction program. His presentation will cover recent trends in planning including "jointness", sustainability and the effect of BRAC. He will also discuss how advances in information technology have changed the nature of planning.

David Van Horn, AICP, has over 30 years experience in master planning and facilities studies for more than 60 local, state and federal agencies and about 50 military installations, in 21 states and nine countries. His USACE projects have included work for several Corps Districts, and the Gulf Region Division. Projects for NAVFAC have taken him from Key West to Whidbey Island. His expertise includes comprehensive planning and development regulation; development impact assessment; facilities and infrastructure planning studies; environmental
