Trump International Hotel & Tower Presented by Bovis Lend Lease

Bovis Lend Lease is providing construction management services for The Trump International Hotel & Tower, a new, exciting project on the Chicago River. Designed by Skidmore Owings & Merrill LLP and PMG Associates for the Trump Organization, this project will boast 90 floors, 2.6 million sf and reach 1,125 feet into the Chicago skyline – the largest building in Chicago since Sears Tower in 1974.

Design and construction of the Trump International Hotel and Tower presents numerous challenges ranging from its record-setting height for a concrete building structure to major foundation work adjacent to the Chicago River.

The high-rise, located at 401 N. Wabash, replaces the Chicago Sun-Times building and will include 472 condominiums, 286 hotel suites, 86,000 sf health club facility, 100,000 sf of retail, 1,000 parking spaces and a 1.2-acre public park and riverwalk.
